

Missing Links

Here's one of my new free crossword puzzle games. I think, you'll find it to be a fun challenge! To solve each clue, you need to figure out which word is the missing link that completes each of the other words.

For example in Clue #1 Down, the clue reads raw – out. The missing link is HIDE because raw**hide** and **hide**out are two common words. Your answers will usually form compound words or phrases.

Across

1. gold – stick
3. snow – string
6. honey – drop
9. air – dance
10. camp – place
11. cup – game
